

Sunday morning

Dear Vicki and Jim,

We just got home from our fishing trip to Leavenworth a little while ago. The drive over Stevens Pass is so beautiful and we stopped all along the way to fish. The main reason I like fishing is because of the beautiful places we get to. We caught fish and a game warden even came along and asked to see our fishing license. I am happy to show mine because the date of birth on mine is five years younger than it should be. Anyways we got to Leavenworth and the heat was simply terrible. Right on the other side of the pass it was like that. That is what you are going through I know. Our motel room was air conditioned and we got cleaned up and went out for dinner and then over to the bridge tournament. We didn't even but we come in third and it was fun. We had been up since

4 A.M. so were a little tired by
then, since we had been climbing
up and down banks and rocks on
our way over all day. Getting back
to cool Bellevue is wonderful. I
can see Gail stayed here again
this weekend.

Your letter was in the mail
box and it is really a great thrill
to see the article about you,
Jimmy. I am going to frame it.
Thank you for sending it. It really
made the tears roll down a little,
it is such a tremendous accomplishment
that you have achieved. The sight
seeing you are doing is so interesting,
when seeing those historic places
it is good to look and really think
about what actually went on.
That is what you both do I know.
It is a wonderful experience to live
there.

Morning.

Mary just called. She had
a hectic Saturday as it was
a state wide meeting of the
young democrats. She and Mike

are coming over tonight
to tell us about it.

If you should drive to
Sacred, Maryland our address
was - 710 Montgomery. I'm sure
everything is quite different
there now. That was in 1941.

In case you ever feel like look-
ing up Earls folks who live in
Colesville, Md. let me know. They
are very nice and would be glad
to see you. And if you get up to
Newburyport and Plum Island I
will want to tell you where
we lived.

I am so glad the job is interesting
and thanks again for the souvenir.
I am anxious to show it to Mary
and every one.

Love,
Mom.
